

Mark T. Brainard, President

MEMORANDUM

TO: All Delaware Tech employees, students, and visitors
FROM: Dr. Mark T. Brainard, President
DATE: February 21, 2022
RE: Revised COVID-19 Immunization Policy Directive for Online Students

This amendment is being adopted in response to students who have expressed a willingness to participate in College programs exclusively online in lieu of being vaccinated against COVID-19. Therefore, to provide educational services and opportunities to these students, the interim COVID-19 immunization policy applicable to students enrolling in College programs or classes during the summer and fall 2022 semesters is hereby amended as set forth below. This amendment is effective immediately.

1. Students who exclusively enroll in programs or classes during the summer and fall 2022 semesters that are offered completely online are exempt from the COVID-19 Immunization Policy Directive dated Jan. 21, 2022, subject to the conditions and limitations that follow. This policy revision applies to all students enrolling in credit or non-credit programs/classes offered by the College, participants in virtual camps, and high school students who participate in online programs/classes offered by the College. High school students participating in College programs/classes that are conducted off-campus are not subject to the College's interim COVID-19 immunization policy.
2. Unvaccinated students enrolling in summer or fall 2022 classes who are exempt from the COVID-19 vaccination requirement based upon their online status may not access campus-based student services or resources at any time, for any reason.
3. The College offers many student services and resources virtually. However, not all student services and resources are available in a virtual format. As a result, there may be some student services and resources that are not available to students who are exempt from the COVID-19 vaccination requirement based on their online status.
4. Unvaccinated students who are exempt from the COVID-19 vaccination requirement based on their online status may only enter a College campus as a visitor, and will be subject to all entry requirements applicable to visitors in effect at the time.
5. Unvaccinated students who are exempt from the COVID-19 vaccination requirement based on their online status must provide written certification of their agreement to the terms and limitations of this policy as a condition to enroll in summer or fall 2022 programs/classes.

OFFICE OF THE PRESIDENT

P.O. Box 897, Dover, DE 19903 | 302.857.1667 (t) 302.857.1647 (f) | www.dtcc.edu | brainard@dtcc.edu

6. Students who violate this policy will be subject to disciplinary action, up to and including dismissal from the College.

7. Guidelines/procedures to implement this amendment will be forthcoming. The interim COVID-19 Immunization Policy Directive issued Jan. 21, 2022, remains in effect except as modified by this amendment.
